According to Amazon Reviews...

2-5% of people will leave
feedback on a product or seller.

California's population is
~39.54 million
(2017)

Potential for...

1.38 million

people providing feedback

What if there was a way...

To build California digital services with the people that use them, not just for them.

Fusion

The image features four interlocking pentagons arranged in a circular pattern. The top pentagon is light green with a white border and contains the word 'Vision'. The bottom-left pentagon is dark blue with a red border and contains the text 'Citizen Engagement'. The bottom-center pentagon is dark blue with an orange border and contains the text 'Deliver better public digital services'. The bottom-right pentagon is dark blue with a teal border and contains the text 'Empower agency innovation'. The background is a blurred image of yellow and orange flowers.

We think Fusion will
help Agencies innovate
and build better
experiences for our
Citizens

This project would facilitate connecting everyday citizens with user testing opportunities to existing and emerging online digital services provided by the State of California.

We think this is a great start we ask that a sponsor take ownership of it, complete it, and **deliver** it to our citizens who will benefit from it.

Implementing this will help us bridge the gap between the great Amazon experience and where we are today.

A close-up photograph of several yellow-orange poppies in a field. The flowers are in various stages of bloom, with some showing their stamens. The background is a soft-focus field of similar flowers and green foliage. The overall lighting is warm and slightly dim, creating a gentle, appreciative atmosphere.

Thank You
